

## Carnegie Learning Math Solution

(2018)

Published by: Carnegie Learning

Grades: 6-8

Our Middle School Math Solution was designed to ensure that your students are able to build the foundation they need to experience ongoing growth in mathematics, including: **mathematical coherence**, **mathematical habits of mind**, **multiple representations**, and **transfer**. Our approach is built upon our belief in the power of **active learning** - students become engaged in the material they're studying through reading, writing, talking, listening, and reflecting.
